

Remarks

The specification is amended, as required, to include section headings.

The claims are amended both to improve their form and to include subject matter indicated by the Examiner as being allowable.

Thus, amended claim 1 now includes the features of claims 2 through 4, including the allowable subject matter of claim 3. Similarly, claim 9 now includes the allowable subject matter of claims 10 and 11.

New claims 13 and 14 are added. They are both dependent on claim 1, hence similarly allowable.

With entry of the present amendment, which is requested, the application is believed to be in condition for allowance, and such allowance is respectfully requested.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "MY Epstein".
